

Washington State Department of Transportation/Eastern Region—2714 N. Mayfair, Spokane, WA 99207

**March 4, 2004**

**CONTACT:** Al Gilson, Public Information Officer (509) 324-6015

**WSDOT Construction Activity & Possible Delays/March 4-14, 2004**

**SR 20/Tiger to vicinity of Blueslide (MP 390-405)**-Emergency load restrictions in force. The restrictions help prevent further damage to the roadway surface by limiting the weight of vehicles in this section of highway in Pend Oreille county.

**SR 27-Grand Avenue in Pullman (MP 0-1)**-Sewer work is underway between Harms Rd. and Fairmont Rd. Motorists should expect single lane traffic directed by flaggers during daytime hours. This is a City of Pullman project.

**SR 31/Tiger to Metaline Falls (MP 0-14)**-Emergency load restrictions in force. The restrictions help prevent further damage to the roadway surface by limiting the weight of vehicles in this section of highway in Pend Oreille county.

**I-90/Argonne to Sullivan (MP 287-292)**- Work is underway in preparation for reconfiguring the eastbound traffic pattern. Westbound motorists should expect narrow lanes and shoulders with reduced on-ramp merging distance. Also, tonight (Thursday, March 4), after 7:00 p.m., crews will be sweeping westbound and eastbound I-90 between the Argonne Interchange and Sullivan Interchange. On Monday, March 8, crews will be working on Eastbound I-90 between Pines Road and Evergreen Road. The eastbound inside lane will be closed. I-90 will be reduced to two through lanes in this section. (Note: there is a third through lane available in this short section that was built as part of the Evergreen Interchange.)
